April 8, 2023 marks the fiftieth anniversary of the death of Spanish artist Pablo Picasso and thus the year will represent the celebration of his work and his artistic legacy in France, Spain and internationally.

The French and Spanish governments wanted to carry out this large-scale transnational event through a binational commission, bringing together the cultural and diplomatic administrations of the two countries.

The Picasso Celebration
1973-2023 revolves

around some fifty exhibitions and events that will be held in renowned cultural institutions in Europe and North America, and which together will draw up a historiographical survey of approaches to Picasso's work. The commemoration, punctuated by official celebrations in France and Spain, will shine a light on the research and understanding of Picasso's work, notably during a major international symposium in autumn 2023, at the time of the opening of the Center for Picasso Studies in Paris.

The Musée national Picasso-Paris and the Spanish National Commission for the commemoration of the 50th anniversary of the death of Pablo Picasso are pleased to support this exceptional program.
